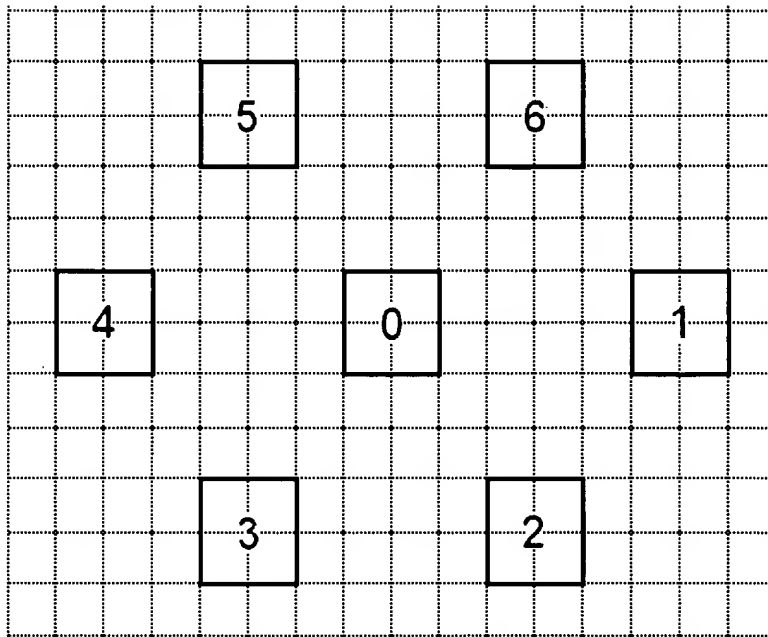

Figure 5

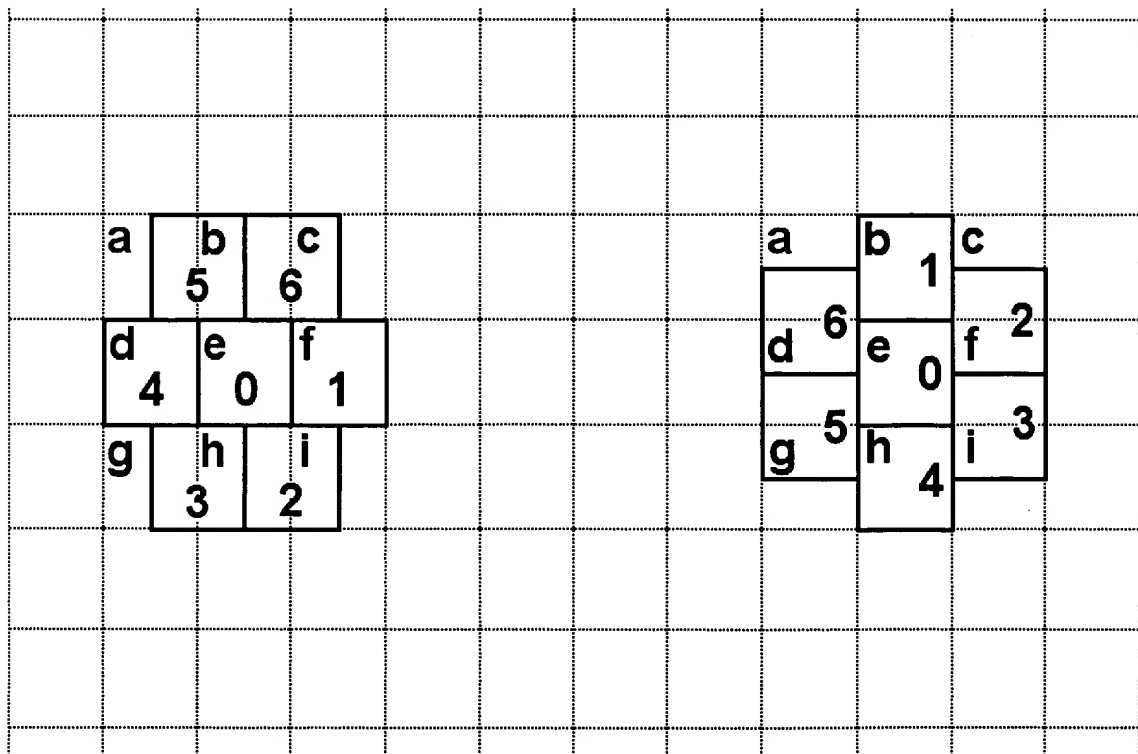

Figure6

The image shows a 10x10 grid with two sets of numbers. The left set consists of 10 numbers arranged in a diamond shape: 5 and 6 in the top row, 4, 0, and 1 in the second row, and 3 and 2 in the bottom row. The right set consists of 10 numbers arranged in a diamond shape: 1 in the top row, 6 and 2 in the second row, 0 in the third row, 5 and 3 in the fourth row, and 4 in the bottom row.

The image displays three identical 10x10 grids, each containing a 3x3 pattern of numbers. The numbers are arranged in a diamond-like shape within each grid. The numbers are: 5 (top), 6 (top-right), 4 (middle-left), 0 (center), 1 (middle-right), 3 (bottom-left), and 2 (bottom-right). The pattern is centered in the first grid, shifted to the right in the second grid, and shifted further to the right in the third grid.

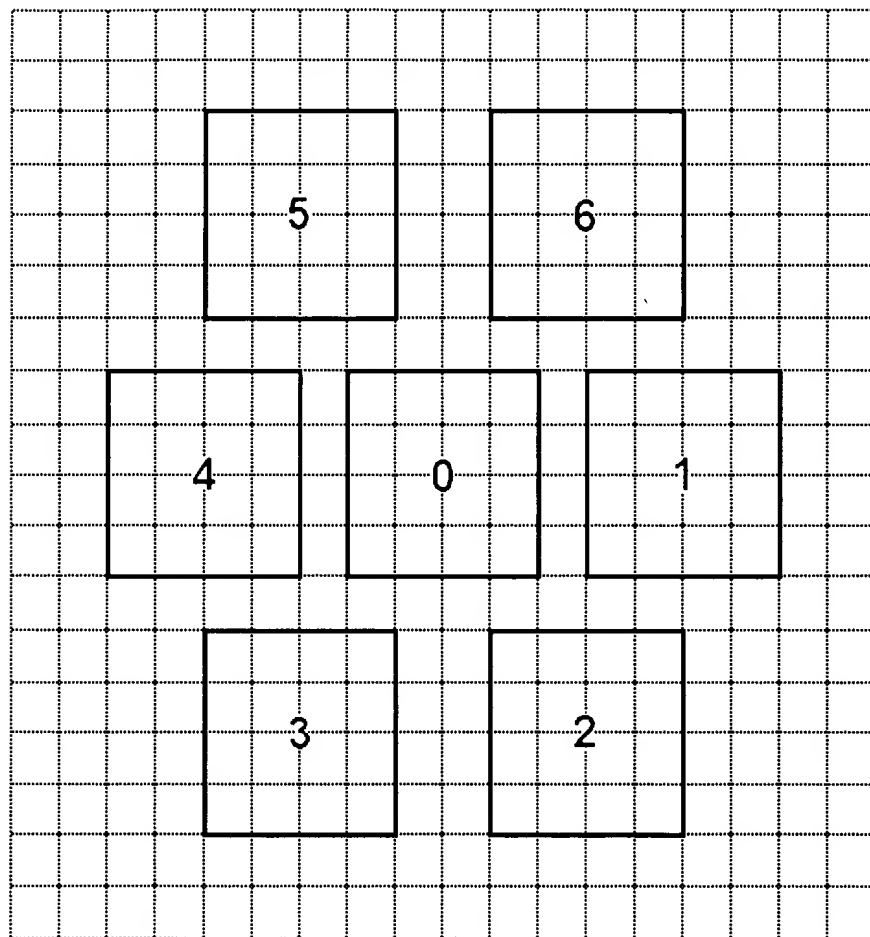

Figure 13

A 3x3 grid of squares on a dotted background. The squares are arranged in three rows. The top row has squares labeled 5 and 6. The middle row has squares labeled 4, 0, and 1. The bottom row has squares labeled 3 and 2. The squares are arranged in a staggered pattern, with the middle row shifted to the right relative to the top and bottom rows.
